Hanut BigView KVM switches

Feature rich KVM switches for the enterprise

Keyboard Video Mouse switches (KVM switches) play a very important role in overall server management system. KVM switches enable you to manage multiple servers using only one keyboard, monitor and mouse. KVM switches thus eliminate the need for separate keyboard, monitor and mouse for each server. KVM switches are thus very cost effective and save valuable rack space.

Features and benefits of Hanut India BigView KVM switches

- ▶ 4 and 8 port KVM switches in 19" rack mountable size (1U)

Easy to use kvm switch

- ▶ No software required
- ▶ Easy PC selection through On Screen Display (OSD), Hot Keys, Manual Push Button
- ▶ Support for PC naming, searching for PC by name and 8 character password protection

Expandable KVM switches that are capable of meeting your current and future requirements

- ▶ Hanut India BigView 4 port and 8 port kvm switches can control up to 116 and 120 systems respectively (when used in a daisy chain network). Hanut BigView kvm switches have separate daisy chain (expansion) ports - kvm switches offer full 4 and 8 ports even in daisy chain network. Further no extra setting is required when using Hanut BigView kvm switches in daisy chain network
- ▶ Support for PS2 mouse and PS2 to PC serial mouse conversion at console
- ▶ Support DOS, Windows 95/98/98SE/ME/2000/XP, Windows NT, Netware, Unix, Linux
- ▶ Support SUN servers and workstations with USB port (need to work with USB to PS2 adapter)
- ▶ Hot Plug capable kvm switches- allow user to add PCs or remove connected PCs without shutting off the KVM switch and the connected PCs
- ▶ **Hanut India BigView KVM switches offer very high video (display) quality: up to 1920×1440, bandwidth: 200MHz**
- ▶ Auto scan mode for monitoring servers; flexible scan interval from 5 to 99 seconds
- ▶ Keyboard status is restored when switching PCs
- ▶ LED display for visual status monitoring
- ▶ Buzzer sound when switching from one PC to another
- ▶ Hanut India offers **Top** quality 3-in-1 KVM cables 1.8m long (order separately)
